4 Garbage Bins That Do More Than Just Collect Trash [Shaunacy Ferro](#)

ISTOCK

LIKE US ON FACEBOOK

In most well-run cities, there's a trash can on nearly every street corner. Given their ubiquity, trash cans provide a unique opportunity for urban amenities. City workers already come to check on them regularly, and new trash receptacles are often fairly hardy metal boxes to which you can attach sensors, solar panels, and more. Here are four ways cities are using trash and recycle bins for more than just waste disposal:

1. FEEDING DOGS

A [recycling bin](#) from the Turkish company [Pugedon](#) helps feed hungry stray dogs. Every time someone puts in a bottle, it dispenses a little bit of kibble, funded by the money earned by recycling. It also has space where you can pour out your water bottle for the dogs to drink.

2. URBAN BOMB-PROOFING

In advance of the London Olympics in 2012, the city ordered 100 bomb-proof recycling bins at a cost of \$25,000 pounds each (around \$39,000 in today's dollars). The ultra-strong cans are designed to withstand a blast should someone try to hide a bomb within them. They also come equipped with LCD displays that can show emergency alerts, transit information, and ads. For a short time, the recycling bins also collected data on electronic devices in the near vicinity, allowing the city to track people walking by—but that program was discontinued following public outcry.

3. WIFI HOTSPOTS

Image Credit: Bigbelly

The solar-powered trash can manufacturer Bigbelly is trying to bring WiFi to its waste disposal bins across New York City. WiFi hotspots within Bigbelly trash and recycling cans had enough bandwidth to support an entire small business in pilot testing. The company is searching for sponsors to help launch the project citywide.

4. CRYPTOCURRENCY MINING

A smart trash can topper called eCan rewards people for cleaning up. It attaches to existing trash cans and can sense when a new item is thrown away. When it launched last summer, the high-tech trash can lid was designed to mine Emrals, a cryptocurrency invented by eCan's founder, every time a user tossed trash in. The idea is to set up a system where these Emrals could be exchanged like money or used to get local discounts.

Farewell for City Manager Bill Elliott...

Monday, July 27, 2015, 3:00pm to 6:00pm

@ Estacada City Hall, 475 SE Main Street

Please join us in saying farewell to Bill Elliott, City Manager, at Estacada City Hall from 3:00pm-6:00pm on Monday, July 27, 2015. This will be an open house event so stop by at your convenience. Light refreshments and snacks will be provided.

McIver Park needs our help..

The event is Exploring Vortex and will be held on Saturday, August 8. It is a music festival commemorating the original VORTEX at the park back in 1970.

They are looking for help the day of the event with specific tasks such as parking and help with the tie dye and face painting activities. The event runs from 3-8:30 but volunteers will only be needed from 2:30-6:30. They are looking for 9 volunteers for the day of the event.

They are also looking for help before the event erecting two large structures, a MASH tent and a tipi. This is a task that is best for a group of people who are eager to work together to problem solve, as there will be no direction provided other than the desired location. These structures are large and awkward and will require some physical strength to erect. Ideally they will be set up a few days prior to the event.

Any assistance you can give McIver Park for this event will be much appreciated. Thanking you in advance for your help and availability.

SANDY HOPS & BLUES FESTIVAL...

SANDY HOPS & BLUES FESTIVAL BRINGS FOOD, BREW, AND BLUES TO MEINIG PARK

You are invited to attend the Sandy Hops & Blues Festival (formerly the Brewgrass Festival) at Meinig Park on Wednesday July 29th, starting at 5:30. Enjoy locally crafted beer and food while listening to a couple of the regions best blues bands. If you enjoy the blues, this is the event to attend in Sandy this summer.

The Beer Den will offer a variety of taps representing local and regional brew pubs. Bunsenbrewer. Sandy's only brewpub, will also be on site with a selection of beers brewed in their "fermentation laboratory". Both wine and cider will be available as well.

Summer BBQ is the theme of the food that will be offered by the Red Shed Public House. The Red Shed is a new Sandy business (and Sandy Summer Sounds sponsor) that opened just two months

ago, with the desire to offer residents another option for high quality food. They will have mac & cheese on their menu as well as baked potatoes with brisket, pork or chicken. There will be vegetarian options for both dishes as well.

Two outstanding bands will be performing at the festival. **Hillstomp** starts the show at 6:00. Born in a basement (of course) in Portland, in 2011, Hillstomp was the bastard child of Henry Kammerer and John Johnson's mutual need to make music and drink beer. Drawing heavily from north Mississippi trance blues, a bit from the hills of Appalachia and stealing energy from punkabilly, the duo create a raucous hill country blues stomp with a fiery youth and vigor. It comes clanging and tumbling out of an assortment of vintage mics, buckets, cans and BBQ lids drenched in rambunctious slide guitar.

It is a visceral music that makes you want to stomp your feet, shout to the heavens, and love your neighbor. Whether playing original songs, traditionals, or the occasional revamped blues classic, Hillstomp has duct-taped together a distinctive sound. Hillstomp tours non-stop in the United States where they've developed fanbases in cities from East to West. Along the way, they've shared bills with the Avett Brothers, The Reverend Horton Heat and Scott Biram to name a few. They've also produced several CD's and showcased their act on local radio shows and at festivals across the country.

The **Karen Lovely Band** takes the stage at 7:45. Known for her passionate, driven performances, this powerhouse vocalist delivers a blistering mix of contemporary & old school blues. Lovely's standout performances have garnered awards and critical acclaim at festivals and venues throughout the US, Canada and Europe.

Karen Lovely shot onto the blues scene out of the Pacific Northwest like Stack O' Lee's .44 placing 2nd at the 2010 International Blues Challenge followed by three 2011 Blues Music Award Nominations for BEST CONTEMPORARY BLUES FEMALE ARTIST, BEST CONTEMPORARY BLUES ALBUM and BEST SONG for her sophomore release *STILL THE RAIN*. Lovely's records have topped the national blues and roots charts and made the Top 10 favorite artist list for dozens of nationally syndicated radio stations.

The Hops & Blues Festival is a free and family friendly event. There is a playground nearby and the music appeals to all ages. It's wonderful opportunity to share an evening out with the family that offers something for everyone.

Meinig Park is located at 17670 Meinig Ave. The *Dale Nichols Main Stage* is the larger of the two stages in the park, just behind Joe's Donuts & City Hall. Sandy Summer Sounds is made possible through a partnership between The City of Sandy and generous donations from community sponsors.

*Making the Most of Your
Lawn Irrigation System this Summer...*

Think Water Wise

Watering For Efficiency

Once you turn on your lawn sprinkler it is easy to forget how much water you use in a short period of time. Running a single sprinkler for an hour at five gallons per minute will use more water than ten toilets flushes, two 5 minutes showers, two dishwasher loads, and a full load of clothes combined!

Taking time to check, repair, adjust the system, and provide periodic checks throughout the summer season can insure your lawn and plants are being watered properly *without* wasting water.

How to Check Your Automated Irrigation System

Run the entire sprinkler system, one zone at a time. As you do this, check for the following:

- Signs of Leakage- Look for damage to the spray heads or piping. Repair as needed.
- Inefficient Spray Pattern- Nozzles get clogged and need to be cleaned. Also, nozzles and spray heads may need adjustments to reduce overspray onto walks, driveways, etc.
- Interference of the Spray Pattern- Adjusting spray heads to accommodate the changing landscape will eliminate dry spots and puddling caused by blocked spray.
- Over Grown Grass – Grass can impede on spray heads, make sure it's kept trimmed. Also, check for leaning spray heads and adjust accordingly.

Additional Water Saving Tips

- *Watering to the Weather* - Adjust controllers throughout the summer so you aren't depriving or watering unnecessarily. Visit the Regional Water Providers Consortium website at www.conserveh2o.org for the current weekly watering number.
- *Rain Sensor Switch -Install a sensor that will automatically shut off your irrigation system when it rains.*
- *Cycle and Soak* –Split watering times into two applications with a break in between to promote deeper root growth while fostering a landscape that is more resistant to dry weather.
- *Consider Drip Irrigation*–This reduces evaporation and puts water directly at the roots.
- *Watering at the Best Time* –Water early in the morning when the air is cool and calm and evaporation is at a minimum. Watering in the evening is the next best.
- At the end of the summer season and before winter, be sure to thoroughly drain your irrigation system to prevent freezing. Contact a Landscape professional for assistance.

Landscape Rebates

To help you water more efficiently this summer the Clackamas River Water Providers are offering **three** landscape water use rebates. *Choose the item/s that will work best for you (1) a rain sensor, (2) a manual hose bib timer, (3) high efficiency spray nozzles. Apply for up to a maximum combination landscape rebate of \$110. These rebates are available on*

a first-come, first-serve basis until the program funds are depleted. **Limit: Customers can take advantage of each rebate one time, per account, per year.**

The Clackamas River Water Providers (CRWP) is a coalition of municipal water providers on the Clackamas River which serve drinking water to almost 300,000 people in Clackamas County. We are committed to helping our customers do whatever they can to use their water more efficiently.

For more information about our rebates, our members or to download a copy of the rebate brochure and application, please visit our web-site at www.clackamasproviders.org or contact our office at (503) 723-3511.

Pretty Gritty...

Sandy Summer Sounds presents...

Pretty Gritty

country, rock and soulful Americana

Sunday, July 26th, 6:30-8:00pm

MEINIG PARK - Theater in the Woods stage

Bring a Picnic (no vendors)

FREE

Summer Sounds Sunday series continues at the Theater in the Woods Stage in Meinig Park this Sunday with **PRETTY GRITTY** playing country, rock and soulful Americana.

Pretty Gritty is the serendipitous joining of the talents of Blaine Heinonen and Sarah Wolff, both from Montgomery County, MD. Although they originate from different rock bands, fate brought them together at local “open-mic” nights, where it became evident that they shared an interest in writing and performing songs that mix country, rock, blues, and soul. It’s said that she brings the “pretty” while he brings the “gritty,” combining for an engaging alt-country duo with seducing harmonies and addicting acoustics.

In five years, Pretty Gritty has cultivated a unique sound allowing them to open for such acts as Tim O’Brian, Tony Trischka, Chris Eldridge, Josh Gracin, Larry the Cable Guy, and many more. Pretty Gritty’s debut album, featuring Keller Williams, won three IMC awards in 2012. Their outstanding live performance has earned them a reputation as a must-see musical act.

The Sunday concerts are held in the SE corner of Meinig Park, at the Theater in the Woods stage near the log gazebo. The event is free and family friendly. Questions? Please feel free to call, text or email me.

Hope to see you at the park!

‘How to Succeed in Business Without Really Trying’ *Opens Aug. 1...*

OREGON CITY - Clackamas Repertory Theatre continues its 11th season Saturday, Aug. 1, with Frank Loesser’s 1961 Tony and Pulitzer Prize-winning musical comedy satire of big business.

Directed by Clackamas Rep’s Doren Elias, associate artistic director, “How to Succeed in Business”

features Jameson Tabor as J. Pierrepont Finch, who quickly rises from window washer to high-powered executive. Recent Drammy Award-winner Cassi Q. Kohl plays his love interest, Rosemary. The musical is choreographed by Megan Misslin.

“How to Succeed in Business” is based on the book of the same name. Written by Shepherd Mead in 1952, it is a satire of an instruction manual that pokes fun at American corporate life. The book was inspired by Mead's real-life experiences at the Benton & Bowles advertising agency. Like the character J. Pierrepont Finch, he joined the company as a mail-room clerk who eventually worked his way up to vice president.

This clever lampoon of life on the corporate ladder is filled with familiar and high-octane tunes such as "I Believe in You," "Brotherhood of Man," and "The Company Way," and fun, high-energy choreography. The show also features Jon Quesenberry as Bud Frump, the nerdy, jealous nephew, Sydney Weir as Smitty, and Mark Pierce as Biggley.

Performances take place Thursdays through Saturdays at 7:30 p.m. with Sunday matinees at 2:30 p.m. through August 23. All performances are in the Osterman Theatre at Clackamas Community College. Tickets may be purchased by calling 503-594-6047 or at clackamasrep.org. The low-price preview is July 30, and the July 31 performance is sold out. Opening night is Aug 1. Clackamas Rep's season continues Sept 11 with the Northwest premiere of “One Man, Two Guvnors.”

There are LOTS of new people moving to our neighborhood. I wish that they ALL could know about the LUCKY DAWG eNEWS. Many have told me that if it wasn't for the DAWG they would have missed an event that interested them. SO...

...I had business cards made. (see above). I plan to distribute them around town to be picked up by those interested. Do you know new people in the neighborhood; or perhaps even some of your friends who want to know what's going on? If you'd like some of these cards, to help inform peeps about all the FUN things happening around here, just let me know; and I'll get some cards to you. My THANKS to Paul Strobel, our own State Farm Insurance guy; Linda Arnett from the Book Nook; Tamera Nielson from Oregon Massage & Lymphedema Clinic; and Michele Kinnemon at our own Estacada Public Library, who are all handing these cards out to all the new Estacada residents they meet... *Would you like some LUCKY DAWG eNEWS business cards, to hand out too?*

GREAT NEWS -- once again you can read the DAWG online -- for years I was grateful that Dan Scoog posted the DAWG online; and now Jordan Winthrop has graciously "picked up the torch" to do so. So now you can read the LUCKY DAWG eNEWS either as it arrives in your email; or online at EstacadaLocal.com. Find it here <http://estacadalocal.com/news/lucky-dawg-e-news/>

always know that if you have local friends and family who'd like to receive this weekly "LUCKY DAWG eNEWS" email, send me their email address and i'll add them to my list -- if this one email once a week has become overwhelming, and a simple "delete" will put your over the edge, let me know and i'll pull your name from this list.....

if you have anything you'd like to put in this weekly newsletter, please email it to me BY wednesday at midnight, of any given week; in a "cut and paste form" -- keep in mind that images/pictures are more interesting than just WORDS; -- this email generally goes out on thursdays -- it may or may not "make the cut," so please don't take it personally if it doesn't.....

well kids, that's what i know for now -- go out and meet someone new, do something novel and eat something extraordinary..... :).

aren't we LUCKY DAWGS to be living in estacada, the BEST place on earth?!!!

enjoy one another -- we're all in this together :).....

gloria :).
